Thank you so much for scheduling an appointment in our office. We are honored that your doctor has selected us to participate in your care. Our role is to deliver excellent patient care and to meet the high expectations of you and your doctor. Your doctor is in a unique position to evaluate our services. This is a strong motivating force for us and should be a source of comfort for you.

Please complete both sides of the HEALTH HISTORY FORM. Completely filled out forms will expedite the organization of your chart and have you seen by the doctor in a timely manner.

We also ask that you bring a photo identification and your most current health insurance card(s) to include in your chart. If you have an insurance plan that requires a referral from your primary care provider, you must contact their office in advance of your appointment. Co-pays must be paid at the time of service. If you have any questions regarding your health insurance coverage, please contact your insurance company prior to your visit.

FOR CATARACT AND REFRACTIVE SURGERY EVALUATIONS, WE ASK THAT YOU REMOVE CONTACT LENSES AT LEAST 48 HOURS BEFORE YOUR VISIT (THE LONGER THE BETTER).

Your eyes may be dilated at your appointment in order for us to examine the back of your eyes. The necessary drops may cause temporary blurred vision or light sensitivity; therefore, you may need to bring a friend or family member to drive you home. Please plan to be at the office for 2 hours.

Please call your insurance carrier prior to your visit to determine what surgery center or hospital is in network with your insurance to help facilitate scheduling your surgery. You will need the NPI number of the surgery center or hospital you would like to go to when calling your insurance company. Below is the list of NPI numbers of the locations Sightline is affiliated with:
